4 5 1978
MBL + ESTH

I've talked to Paul and he'd be eager to discuss the possibility of cooperating with the GND effort, mounting a summer lab course.

Why don't you invite him to visit you in NY?

Jim Watson regrets the misunderstanding: he had delegated response to viz the Elherry whom we can see Friday. The ESTH also is probably not available, but there are other possibilities worthy of discussion.
